

(b) Distinguish between Pluralism and Multiculturalism.

(10 Marks)

"Pluralism" is a concept where in plurality of all cultures are given equal respect and safeguard's for flourishing of each & every cultural setting.

Multiculturalism: is a concept where in cultures of every strata are promoted along with special safeguard's for culture of minorities in order to ensure greater protection for such culture.

~~minority community~~ =

e.g India is a pluralistic society where in each culture is given ^{its} due respect. Also; special protection

is given to religious and linguistic minorities as per Article 29 & 30

to ensure safeguard of their cultures in face of majoritarian

culture.

Relevance :- Such pluralistic & multi-culture -al ethos of Indian society need to be strengthened in the face of

growing Intolerance & communalism in Indian society. Principle of "unity

in diversity" needs to be adhered for greater social cohesion of

Indian society

aim is to become multicultural society than just plural one.
