EB Tylor in his book Primitive Culture (1871) defined culture as a complex whole which consists of moral, values, customs and other habits learnt by man as a member of society.

Functions of culture

- 1) Herskovitz - culture is man made part of environment
- 2) Kroeber & Kluckhohn - culture is learnt human behaviours.
- 3) Franz Boas - culture is diverse; it varies with society.
- 4) Culture is dynamic & keeps changing
- 5) Culture is an integrated whole
- EB Tylor.

*Culture also helps youth & children to know about rules & regulations in society.
eg: Youth Dormitory

Due to rising & fast changing world,
cultures of various societies are fast diffusing.
It is evident by increasing westernization
of Indian society.
