

It is form of union, when couple enter into long term co-habitation with shared responsibility, without legally marrying.

Trends

- * Supreme court extended domestic violence act protection to live-in couples
- * Uttarakhand Uniform civil code brings Live-in into legal ambit
- * In United Kingdom, more ~~for~~ children have been born to live-in couples, than to legally married couples.

Anthropological perspective

- * In a competitive economy, it takes more time to get adequate ~~begin~~ educational qualifications & job.
- * Marriage comes with host of legal responsibilities
↳ couples want to avoid those
- * Platform to test mutual compatibility before marriage.

Hence live-in is social acceptance and rise of individual autonomy to suit personal needs.
