

1.d) Matrilineal Puzzle

Matrilineal Puzzle :

Matriliney is a social system of kinship in which the descent is traced through the mother's side.

Matrilineary exist in societies like

- Jaro, Khasi
- NAYARS of Kerala.

The origin

The evolutionist sequence is traced as ;

Hoard → mother + sibling → Matriliney → Patriliney.

However matrilineal still exist in societies along with patrilineal.

The matrilineal though assigns dominance position to female still the dominant position in reality exists of the mother's brother.

Therefore many Arunachal and Arunachal lineal kinships exist.
