

Theories of Origin of Families.

(10 Marks)

Family and its origin is studied by scholars in relation with functional importance and question of universality of family.

Theories of origin

① LH Morgan: In System of Affinity and Consanguinity of human family (1871) gave following scheme.

(2) Theory of Sex Commensalism Says that family originated as males wanted exclusivity over their mates out of jealousy originating from sexual promiscuity.

(3) HJS Maine in 'Ancient Law (1861)' gave Patriarchal Proterus theory saying family is a result of authority of males over wives & children.

(4) Ralph Linton in 'Study of Man (1936)' gave a multi factor theory based on need of reproduction, sexual exclusivity and economic division of labour.

→ The origin of family in all the evolutionary theories is explained by its adaptive nature in socio-economic sphere.
