

(Don't Write anything in this Area)

- 7.c) Although the rise of state systems of government was clearly a significant development, there is little consensus on why these complex forms of government emerged. Explain. (15 marks)

State is qualified by existence of an agency that has monopoly over legitimate exercise of coercive power.

Consensus lacking despite acknowledgment of complexity

① Base of state system

Why Complexity developed

- ① Script for effective communication
(Guba & Guba)
- ② Political representatives due to stratification of society.

- ③ Specialisation of professions to account for increased leisure time
- ④ War mechanisms evolved because
 - ① raid by neighboring city states
 - ② Jealousy spurred to increase size of wealth.
- ⑤ Arts / Literature / movies
 - ↳ to account for entertainment needs
 - ↳ Psychological relaxation
 - ↳ Spurred more development of brain

Consensus lacking in following areas

- ① Why city states first arose & then collapsed
- ② Where did they first arise
- ③ Alternative measures for states could also have replaced them
