5.c) Theories of State Formation

State Formation Theories studied by various anthropologists.

Majority contribution comes from MEYER FORTES with his study of political systems in Africa

Theories

- Evolutionary :

Band → Lineage → Chiefdom → State
Stateless.

- Functionalist :

State is formed to satisfy the needs of human being. It is a derived need like protection, defense, warfare.

- Evolutionary Structural - Functional :

political functions presents in society in the form of societal institutions. RAB CLIFFE BROWN gave the concept of social sanction.

But how it Evolved?

Theories surrounding state formation covers the concept of

- ↳ Power & Authority
- ↳ Legitimacy
- ↳ Social control.
