(c)

Power and authority

Power - according to Weber is the exercising of will by individual in a group even against the popular majority.

Authority as defined by M.G. Smith as rules, regulations that guide the behaviour for social control.

Relationship

- Power can be coercive or individual
- Authority is derived from source for example law
- Power without authority is useless
- Authority with regard to the exercising of power → it is the effect of containing of

power and using it.
