Witchcraft and sorcery are the magic functionaries found in simple societies.

Basic concepts

- 1) They are related to doing black magic in various societies.
- 2) This black magic is associated with various activities like animal sacrifice & blood sacrifice.
- 3) They are often feared in simple societies as they can cause ill-health.
- 4) In various societies like Chenchu of Telangana there have been killings of women who were termed as witch by the society.

Hence, witchcraft & sorcery in modern times have been impacted by modern forces of globalisation & privatisation.
