

Maxin Margolin study during WW2 on how men went to war & hence women had to go out to work to make up for loss of labour and hence the adaptation has been quick enough changing the ~~structured~~ cultural gender roles established before.

The ideology of capitalism ^{in Soviet Union} came when Communism started to fail & poor growth was observed.

Relevance :

- 1) Cultural lag concepts.
- 2) Culture conflicts when there is unequal adaptation

Thus culture has an adaptive mechanism since time immemorial helped withstand the vagaries of nature.
