

Difference from idea of Turner:-

David said even unobservable symbols should be studied.

[Eg] Belief system and spirits don't have physical presence but relation of spirits to others can be done.

STUDY OF KINSHIP :-

He said "Kinship is a system of symbols and meaning". [2] levels of study in culture

⊛ He associated this to other symbols like political, food, clothing etc.

Criticism Talan Assad says such studies are tough to replicate. They remain descriptive. Post modernists say TOTAL EMIC can never be got.
